Speech and Language

Do they speak in sentences?

Do other people understand what they say?

What is/ are the language(s) your child speaks and understands at home?

Extra Information

ADDITIONAL PERMISSION

Permission to Inspect for Head Lice Checks

The South Australian Health Commission recommends that everyone checks their hair every week for headlice.

Checking and treating children's hair is BY LAW A PARENT'S RESPONSIBILITY. Infestations do occur throughout the year.

When a family notifies us of head lice, all families will be notified that there is a case in the centre. When this happens, it is important that you check your child's/children's hair. If we have received your 'permission to check your child's hair' this will be done. If you have not signed the 'permission for us to check your child's hair' below, we will contact you to check for head lice.

These strategies have been designed to support the ELC to break the recurrence of head lice. If live lice or eggs are found, we will contact you to see if you are available to collect your child and treat them. Further information can be obtained from the ELC Office.

Please tick the appropriate boxes.

- I understand and accept that if my child is found to be infested, they will be asked to avoid close contact with other children in the group. I understand that you will contact us to see if we are available to collect our child and treat them.
- I give permission for a staff member to check my child's hair for headlice. I understand any such check will be conducted sensitively and discreetly.

or

- I do not give permission for the ELC to check my child's hair for headlice. I will do this. I understand that my child will be asked to avoid close contact with other children in the group where infestation is suspected. I understand it is my responsibility to come and check my child's hair when notified and if possible, to collect my child and treat them.
